

SPANISH CIVIL WAR.

REPUBLICAN ARMY. (1936-1939).

ORDER OF BATTLE.

PREVIOUS COMMENTS:

In order to understand the OOB info. Here we show the divisions which formed the Republican Army during Spanish Civil War. The Republican army is sorted by Divisions. Each chart shows the designation number, date of creation and first Army corps attachment, and Mixed Brigades (MB). International Brigades are indicated by Roman numbers. The date linked to some of MB point out a change in the division composition and their new divisional structure. New Army Corp attachments are indicated below.

Some of northern divisions (f.e: 1st Santander Division / later 52nd Div.) are ordered with their initial numbers or names, but they changed during the war to ordinal ones.

Any suggestion are welcome. Send me a mail to jmrando@menta.net
